

## Readme

The data and do files to produce all the results in “The Long Run Impact of Cash Transfers to Poor Families” are provided in this folder. There are 5 do files, each uses a different data set, as specified below. In addition all models estimated with multiple matches use two programs (“**MultiMatch\_x.do**” and “**matafile\_MultiMatch\_x.do**”).

The do files included are:

### **Results.do:**

- Uses the data **MP\_data.dta** and two additional do files (“**MultiMatch\_x.do**” and “**matafile\_MultiMatch\_x.do**”) that are used for estimation with multiple matches.
- Produces Table 1a, 2, 3, 4, 5 and Figures 1, 2, 3, 5
- Produces Appendix Table S7a, S7b, S7c and Appendix Figure S1b, S2

### **Results\_Ohio.do:**

- Uses **MP\_Ohio.dta**
- Produces Figure 4, and Table S8

### **Results\_1940.do:**

- Uses **MP\_1940.dta**.
- Produces Table 6, and Figure 7
- Appendix Figure S5 and Table S8

### **Results\_WWII.do:**

- Uses **MP\_WII.dta**
- Produces Table 7 and Figure 8
- Appendix Table S8

### **Results\_controls:**

- Uses **MP\_controls.dta**
- Produces Figure 6

### **Iowatable1b.do**

- Uses **iowafortable1b.dta**
- Produces table 1b

### **Ohiofortable1b.do**

- Uses **ohiofortable1b.dta**
- Produces table 1b
